MULTIMEDIA CLASS ROOMS.

❖ The AV system for
Multimedia Classroom is proposed for capturing the Class

during the lecturing for the students.

❖ White Board, Green mate and Display in the background of the lecturer to capture

different kind of Lecture   mode.

❖ With the help of Video Conferencing this room can be connected to different

campuses or any Lecturer outside from the Campus with two way Interactivity.

❖ Podium with Wacom tablet for annotation of presentation

❖ Tracking Camera that tracks the Lecturer movement without any camera control.
